## Letter of Invitation

Dear Associate Professor Luo,

I would like to invite you to conduct a joint research on functional mesoporous materials for renewable energy conversion and storage applications from 24th July 2018 to 28th July 2018. My research group at the Australian Institute for Bioengineering and Nanotechnology (AIBN), The University of Queensland will host your visiting in Brisbane.

During your visit, you are invited to give a public seminar on your recent research progresses. We will discuss our joint research programs for a possible application in the near future. You are encouraged to discuss with my group members on their research projects with common interest. I believe your visit will bring mutual benefits to both organisations and stimulate new research collaboration opportunities.

Should you have any questions, please do not hesitate to contact me.

I am looking forward to meeting you in Brisbane!

Sincerely yours,
